>> Hello,
>>
>> Attached is the revised EPA PFAS Action Plan. Many thanks to all of your staffs for their significant input during the development of the Plan and particularly for their very quick turn-around of edits in response to interagency comments. This is for your awareness and any final revisions by Monday morning. Note that we will be working in parallel to clean-up and re-format the document so you do not need to focus on those details.
>>
>> Many thanks to the OGWDW staff that have diligently worked to edit and collate revisions to this document. Our goal is to provide the revised plan and the comment response documents to OMB by late Monday. The OP has already set up initial OMB discussions for Tuesday (OMB only) and Wednesday (interagency partners). Please let me know if you would like to review the comment response documents and I will send separately.
